
Biathlon BC Cup #2
January 4 - 6, 2019
Team Handout Sheet

1. **Biathlon BC day memberships** – required for each day if the competitor does not have a Biathlon BC or Biathlon Canada membership or is an IBU registered competitor. With the exception of Juvenile or Midgets, who may compete in their respective classes with a Day Membership, an athlete who is participating with a Day Membership may only enter a Recreational Class. Competing on a Day Membership makes the athlete ineligible for official BC Cup points and selection to Biathlon BC Teams, Squads and sponsored camps.
2. **The Race Competition Office** – This is located in the CNSC Rental Shop, lower level on the cross country stadium.
3. **Wax facilities** – Outdoor electrical outlets are available outside of the machine shed at upper parking lot and also next to the west range fence at East end of lower parking. Please indicate to Race Office when and if you think you will be using these.
4. **Distribution of bibs** – Bibs will be available at 8:00 AM at the competition office. Leg numbers will be provided alongside bibs. Bibs need to be worn and visible during zero and at rifle check. They should be attached to dry pants and removed at the finish line to avoid difficulty removing them from the pants. Please make sure all athletes have their leg numbers securely attached when entering warm-up zone (prior to start).
5. **Posting of start lists, zero lanes and results** – In an effort to reduce on paper and provide lists as quickly as possible, these will all be posted on the [competition webpage](#). Paper copies of provisional and final results will also be posted on the bulletin boards on the outside of the west range wall and the window of the competition office.
6. **Awards** –Medals for the Saturday will occur at the Social on Saturday evening. Flower ceremony will follow the Sunday competitions in the biathlon stadium, near the range. Please return the flowers to the competition organizers. As per Biathlon BC policy, no placement medals will be awarded to Midget, Juvenile and Recreation category. Instead, participation awards will be provided to all athletes in those categories.
7. **Parking** - Space is limited so please park as close to adjacent vehicles as is practical. NOTE: There are other activities at Caledonia on Saturday. Arrive early if possible.
8. **Lunches** –Ohh Chocolat Café will be selling hot lunches, as well as other goodies, in the Rotary Lodge. There will be no other paid concession at Otway during the weekend. Lunches will be provided to all volunteers and officials by the OC in Cross Country

technical building upper level. Tickets for the athlete lunches will be included in the bag with the bibs each day.

9. **Saturday evening social** – 6:00 to 8:30 pm at the College of New Caledonia located at 3330-22nd Avenue in Prince George. You will need to pay for parking; the parking kiosk is located just inside the main doors at CNC. Light refreshments will be available.
10. **Location of scopes and rifle handlers.** We ask that all scopes be located behind the coach's fence. Rifle handlers for the younger athletes may be in front of fence but we ask that the number of handlers be kept to a strict minimum (enforced by range officers).
11. **Wax testing** – Testing of skis can be conducted on course. Please see the map of the Wax Test Hill on the event web page. Please respect the direction of travel on the course when ski testing.
12. **Rifles** – No uncovered rifles except at the range and on course. No rifles in the lodge.
13. **Individual and Sprint Starts** – We will be using a beep clock and start wand. Clock will start a countdown 10 sec before start then the light will turn green for 3 sec before and 3 sec after the start time. A loud beep will signal the start time. Penalties for starting early will be applied as per IBU/Biathlon Canada rules.
14. **Clocks** - The clock positioned at the start line will be the official time for all competitions. In addition, there will be one clock in the range, and one in the start marshalling area. The clock in the range will be set to time of day; all other clocks will be set on race time.
15. **Spectators** – We encourage all spectators to use the spectator area at the top of the hill next to the Biathlon Technical Building. There is a walking path to access this site and the views of both the course and the range are fantastic.
16. **The Biathlon Technical Building is essentially off-limits to everyone** except for a few key officials and the Jury. If you need anything, please see our folks in the Competition Office, located in the Rental Office. No results will be available at the Biathlon Technical Building. If for some special reason you need to access the Biathlon Technical Building, do not cut across the Start and Finish areas. You must go around (see the Detailed Stadium Map on the event web page).
